DETAILED ACTION

Status of the Claims

Receipt is acknowledged of the Applicant's Response and Amended Claims filed on 06/16/10. Claims 1-5 and 8-22 are pending.

Rejoinder

Claims 1-4 and 8-22 are directed to an allowable product. Pursuant to the procedures set forth in MPEP § 821.04(B), claim 5, directed to the process of making or using an allowable product, previously withdrawn from consideration as a result of a restriction requirement, is hereby rejoined and fully examined for patentability under 37 CFR 1.104.

Because all claims previously withdrawn from consideration under 37 CFR 1.142 have been rejoined, **the restriction requirement as set forth in the Office action mailed on 08/10/09 is hereby withdrawn.** In view of the withdrawal of the restriction requirement as to the rejoined inventions, applicant(s) are advised that if any claim presented in a continuation or divisional application is anticipated by, or includes all the limitations of, a claim that is allowable in the present application, such claim may be subject to provisional statutory and/or nonstatutory double patenting rejections over the claims of the instant application. Once the restriction requirement is withdrawn, the provisions of 35 U.S.C. 121 are no longer applicable. See *In re Ziegler*, 443 F.2d 1211, 1215, 170 USPQ 129, 131-32 (CCPA 1971). See also MPEP § 804.01.

Reasons for allowance

The following is an examiner's statement of reasons for allowance:

The prior art of record does not teach or suggest an oil-in-water emulsion comprising polysiloxanes... droplets 'consisting of' components A and B and droplets of 'consisting of' components A' and C. The closest prior art of record '379 or '884 teaches a mixture of A+B+C in an oil-in-water emulsion, but does not teach a mixture of droplets consisting of A and B and droplets consisting of A' and C and further the instant specification shows that compositions of A+B+C do not have the unexpected results of mixture of the droplets of A'+C and droplets A+B as shown in Table 1 of the instant specification.

Therefore the claims are allowable over the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

Claims 1-5 and 8-22 are allowed.
